The Ronald E. McNair Post-baccalaureate Achievement Program is one of the U.S. Department of Education-funded TRIO Programs, a group of eight outreach programs designed to support and assist students from disadvantaged backgrounds to progress through the academic pipeline from middle school to attainment of a post-baccalaureate degree. The McNair Program funds four-year, post-secondary institutions to increase the number of doctoral degrees earned by students from underrepresented populations. Institutions work closely with McNair participants as they complete their undergraduate requirements to encourage them to enroll in graduate programs and to track their progress through to the successful completion of advanced degrees.

Some of the **BENEFITS** McNair Scholars receive include:

- Academic, personal, and career counseling
- Tutoring
- Financial Aid assistance
- Faculty & staff mentoring
- Research opportunities
- Research presentation experience
- Graduate school preparation
- Developmental workshops & seminars
- Summer internships & stipends
- Professional & academic conferences

Students must meet the following **ELIGIBILITY CRITERIA** to be considered for the McNair Achievement Program:

- U.S. citizen or permanent resident of the United States of America
- Considered low income, first-generation college student, and/or a member of a traditionally underrepresented group in higher education (e.g. African American, Hispanic/Latino, American Indian/Alaskan Native, or student with a disability)
